

CPD AT SEA

NOW THIS IS THE WAY TO LEARN!

The Educator

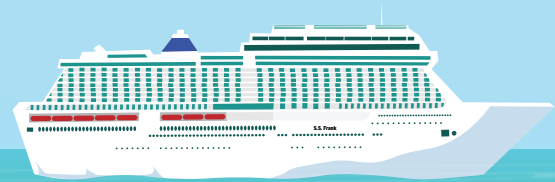

Murray Frank will deliver the sessions. He was voted into BC Homes 'Top 20 Most Influential People in Residential Construction' for 2012. In part for his ongoing commitment to the industry as a founding director and past President of the BC Building Envelope Council, and his continuing support to associations including: Fen BC, CHBA, BOABC, CAHPI, TECA and many others.

The Cruises

Exciting 7 days (or more) and nights aboard one of the Norwegian, Royal Caribbean, or Celebrity Cruise Line ships to exciting locations. Seminars take place only while we are at sea so there is no interference with any of the ports of call.

The Education

21 Pre-approved CPD learning credits: a new series beginning every fall. Our current series is Installing Cladding & Accessories. Fall/Winter 2018/19 Courses. The next series that will be available on the Europe & Hawaii cruises will be announced shortly.
